

Adding Your Credit Card to Apple Wallet

Use the following steps to add a credit card to Apple Wallet.

Step Action

1 Enable location sharing.

iPhone Location Sharing Instructions

Step	Action
1	Open Settings .
2	Tap Privacy & Security .
3	Tap Location Services .
4	Make sure Location Services is turned On .
5	Scroll to the app and tap it.
6	Select one of the following: • Never • Ask Next Time or When I Share • While Using the App • Always (if available)
7	If needed, turn on Precise Location .

2 Log into the **OC CU** mobile banking application.

3 Scroll down and tap the card to be added.

4 Tap the **More (...)** for additional card options. More Options displays.

5 Tap the **Card Services** icon.

6 Tap the **Add to Google Wallet** icon. Add Card to Apple Pay displays.

7 Tap the **Continue** button. Apple Pay Terms and Conditions display.

8 **Review** Apple Pay Terms and Conditions and tap the **Agree** button to continue. The Card Verification screen displays.

Optional: Tap the **Disagree** button to cancel the request and return to the previous screen.

9 Tap the **Accept** button. The **Your bank needs to verify it's you** screen displays.

10 Tap to select one of the available verification methods:

- **Text Message**
- **Call to Verify**

11 Tap the **Continue** button.

- If **Text Message** was selected, complete steps 12.1a and 12.1b.
- If **Call to Verify** was selected, complete step 13.1a and 13.1b.

- 12.1a If **Text** was selected:
1. A code is texted or emailed.
 2. **Enter** the verification code in the **Code** field.
 3. Tap the **Done** button.
- Optional:** To change the method, tap the **Change verification method** button. The card remains in Apple Wallet but cannot be used until verification is complete.
- 12.1b On the **Set Google Wallet as your default** screen, tap the **Set as default** button to make the card your default payment card. The card is now available in your Google Wallet. No further action is required.
- Optional:** Tap the **Not now** button to keep the current card default.
- 13.1a If **Call to Verify** was selected:
1. Tap the **Call Bank** button. A call is placed to OCFCU.
 2. The OCFCU Associate verifies your identity. The card is now available in your Google Wallet. No further action is required.
- Optional:** To change the method, tap the **Change verification method** button. The card remains in Apple Wallet but cannot be used until verification is complete.
- 13.1b On the **Set Google Wallet as your default** screen, tap the **Set as default** button to make the card your default payment card. The card is now available in your Google Wallet. No further action is required.
- Optional:** Tap the **Not now** button to keep the current card default.
