## REPORT OF INDEPENDENT AUDITORS

Members of the Supervisory Committee and Board of Directors  
Orange County's Credit Union

### **Report on Financial Statements**

We have audited the accompanying financial statements of Orange County's Credit Union, which comprise the statements of financial condition as of December 31, 2015 and 2014, and the related statements of income, comprehensive income, members' equity, and cash flows for the years then ended, and the related notes to the financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Orange County's Credit Union as of December 31, 2015 and 2014, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## ORANGE COUNTY'S CREDIT UNION

### NOTES TO FINANCIAL STATEMENTS

---

#### Note 1 - Summary of Significant Accounting Policies

**Nature of operations** - Orange County's Credit Union (the Credit Union) is a state-chartered credit union organized under the provisions of the California Credit Union Act and administratively responsible to the California Department of Business Oversight. The Credit Union's primary purpose is to promote thrift among and create a source of credit for its members. Participation in the Credit Union is limited to those individuals that qualify for membership. The field of membership is defined in the Credit Union's Charter and Bylaws. The Credit Union's primary source of revenue is providing loans to its members and income earned from its investment securities.

**Use of estimates in preparing financial statements** - The preparation of financial statements in conformity with generally accepted accounting principles in the U.S. requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The estimate that is particularly susceptible to change relates to the determination of the allowance for loan losses.

**Significant group concentrations of credit risk** - The Credit Union provides a variety of financial services to its members, most of whom live, work, or worship in Orange County, California, and Riverside County, California. The Credit Union may be exposed to credit risk from a regional economic standpoint because a significant concentration of its borrowers work or reside in the state of California. The Credit Union continually monitors its operations, including the loan and investment portfolios, for potential impairment.

The Credit Union's loan portfolio primarily consists of member business, residential real estate, and consumer auto loans. The Credit Union's policy for repossessing collateral is that when all other collection efforts have been exhausted, the Credit Union enforces its first lienholder status and repossesses the collateral. The Credit Union has full and complete access to repossessed collateral. Repossessed collateral normally consists of vehicles and residential and commercial real estate.

**Cash and cash equivalents** - For purposes of the statements of financial condition and the statements of cash flows, cash and cash equivalents include cash on hand, amounts due from financial institutions, and highly liquid debt instruments with original maturities of three months or less. Amounts due from financial institutions may, at times, exceed federally insured limits.

**Investment securities** - Debt and equity securities that management has the positive intent and ability to hold to maturity are classified as "held-to-maturity" and recorded at amortized cost, adjusted for amortization of premiums and accretion of discounts. Securities not classified as held-to-maturity or trading, including debt and equity securities with readily determinable fair values, are classified as "available-for-sale" and recorded at fair value, with unrealized gains and losses excluded from earnings and reported in other comprehensive income.

## ORANGE COUNTY'S CREDIT UNION NOTES TO FINANCIAL STATEMENTS

---

### **Note 1 - Summary of Significant Accounting Policies (continued)**

The Credit Union evaluates debt and equity securities for other-than-temporary impairment (OTTI) at least quarterly. This guidance specifies that (a) if the Credit Union does not have the intent to sell a debt security prior to recovery and (b) it is more likely than not that it will not have to sell the debt security prior to recovery; the security would not be considered other-than-temporarily impaired unless there is a credit loss. When the Credit Union does not intend to sell the security and it is more likely than not that the Credit Union will not have to sell the security before recovery of its cost basis, the Credit Union will recognize the credit component of an OTTI of a debt security in earnings and the remaining portion in other comprehensive income (loss). For held-to-maturity debt securities, the amount of OTTI recorded in other comprehensive income (loss) for the noncredit portion of a previous OTTI should be amortized prospectively over the remaining life of the security on the basis of the timing of future estimated cash flows of the security.

The Credit Union's statements of income reflect the full impairment (that is, the difference between the security's amortized cost basis and fair value) on debt securities that the Credit Union intends to sell or would more likely than not be required to sell before the expected recovery of the amortized cost basis. The credit component recognized in earnings is identified as the amount of principal cash flows not expected to be received over the remaining term of the security as projected on cash flow projections. There were no securities with other-than-temporary impairment for the years ended December 31, 2015 and 2014.

Purchase premiums and discounts are recognized in interest income using the interest method over the terms of the securities. Gains and losses on the sale of securities are recorded on the trade date and are determined using the specific-identification method. The Credit Union does not maintain a trading or held-to-maturity portfolio. Other investments are classified separately, stated at cost, and subject to OTTI evaluation.

**Federal Home Loan Bank stock** - The Credit Union is a member of the Federal Home Loan Bank (FHLB) of San Francisco. Under the FHLB's capital structure, members are required to own FHLB stock. The FHLB stock is carried at cost, because there is no quoted fair market value. FHLB stock is restricted as to purchase, sale, and redemption. The Credit Union evaluates its investment in FHLB stock for impairment on a periodic basis and has not recorded any impairment for the years ended December 31, 2015 and 2014.

**Loans held-for-sale** - Loans originated and intended for sale in the secondary market are carried at the lower of cost or estimated fair value in the aggregate, as determined by aggregate outstanding commitments from investors or current investor yield requirements. Net unrealized losses are recognized through a valuation allowance by charges to income. All sales are made without recourse and with servicing rights generally retained.

## ORANGE COUNTY'S CREDIT UNION

### NOTES TO FINANCIAL STATEMENTS

---

#### Note 1 - Summary of Significant Accounting Policies (continued)

**Loans to members** - The Credit Union grants mortgage, member business, and consumer loans to members and purchases loan participations. A substantial portion of the loan portfolio is represented by member business, residential real estate, and consumer auto loans to members. A substantial portion of its members' ability to honor their loan agreements is dependent on the real estate and economic stability of the various groups comprising the Credit Union's field of membership.

Loans that the Credit Union has the intent and ability to hold for the foreseeable future are stated at unpaid principal balances, less an allowance for loan losses and net deferred loan origination fees. Interest on loans is recognized over the term of the loan and is generally calculated using the simple-interest method on principal amounts outstanding.

The accrual of interest on loans is discontinued at the time a loan is 60 days delinquent. Consumer loans are typically charged off no later than 180 days past due. Loans may be charged off at an earlier date if collection of principal or interest is considered doubtful. Past-due loan status is based on contractual terms of the loan. In all cases, loans are placed on nonaccrual or charged off at an earlier date if management believes, after considering economic conditions, business conditions, and collection efforts, that collection of principal or interest is considered doubtful.

All interest accrued but not collected for loans that are placed on nonaccrual or charged off is reversed against interest income. The interest on these loans is accounted for on the cash-basis method, until qualifying for return to accrual. Loans are returned to accrual status when all the principal and interest amounts contractually due are brought current and future payments are reasonably assured.

Loan origination fees and direct loan origination costs are deferred, and the net fee or cost is recognized as an adjustment to interest income using the interest method (first mortgage loans) and the effective-yield method, which approximates the interest method (all other loan types) over the contractual life of the loans, adjusted for estimated prepayments based on the Credit Union's historical prepayment experience.

**Allowance for loan losses** - The allowance for loan losses is established as losses are estimated to have occurred through a provision for loan losses charged to earnings. Loan losses are charged against the allowance when management believes the uncollectibility of a loan balance is confirmed. Subsequent recoveries, if any, are credited to the allowance.

The allowance for loan losses is evaluated on a regular basis by management and is based on management's periodic review of the collectibility of the loans in light of historical experience, the nature and volume of the loan portfolio, adverse situations that may affect the borrower's ability to repay, estimated value of any underlying collateral, and prevailing economic conditions. This evaluation is inherently subjective in that it requires estimates that are susceptible to significant revision as more information becomes available.

**ORANGE COUNTY'S CREDIT UNION**  
**NOTES TO FINANCIAL STATEMENTS**

---

**Note 1 - Summary of Significant Accounting Policies (continued)**

The Credit Union's allowance for loan losses is that amount considered adequate to absorb probable losses in the portfolio based on management's evaluations of the size and current risk characteristics of the loan portfolio. Such evaluations consider prior loss experience, the risk rating distribution of the portfolios, the impact of current internal and external influences on credit loss, and the levels of nonperforming loans. General allowances are established for loans that can be grouped into pools based on similar characteristics. In this process, general allowance factors are based on an analysis of historical charge-off experience and expected losses given default derived from the Credit Union's internal risk rating process. These factors are developed and applied to the portfolio in terms of loan type. The qualitative factors associated with the allowances are subjective and require a high degree of management judgment. Specific allowances for loan losses are established for large nonhomogeneous impaired loans on an individual basis. The specific allowance established for these loans is based on a thorough analysis of the most probable source of repayment, including the present value of the loan's expected future cash flows, the loan's estimated fair market value, or the estimated fair value of the underlying collateral. These factors include the credit quality statistics, recent economic uncertainty, losses incurred from recent events, and lagging data.

A loan is considered impaired when, based on current information and events, it is probable that the Credit Union will be unable to collect the scheduled payments of principal and interest when due according to the contractual terms of the loan agreement. Factors considered by management in determining impairment include payment status, collateral value, and the probability of collecting scheduled principal and interest payments when due. Loans that experience insignificant payment delays and payment shortfalls generally are not classified as impaired. Management determines the significance of payment delays and payment shortfalls on a case-by-case basis, taking into consideration all of the circumstances surrounding the loan and the borrower, including the length of the delay, the reasons for the delay, the borrower's prior payment record, and the amount of the shortfall in relation to the principal and interest owed. Impairment is measured by either a historical loan loss ratio for homogeneous group loans or on a loan-by-loan basis for member business and residential real estate loans by either the present value of the expected future cash flows discounted at the loan's effective interest rate, the loan's obtainable market price, or the fair value of the collateral if the loan is collateral-dependent.

Loans are reported as troubled debt restructurings (TDR) when the Credit Union grants a concession to a borrower experiencing financial difficulties that it would not otherwise consider. Examples of such concessions include extending the maturity date or providing a lower interest rate that would be normally unavailable for a transaction of similar risk. As a result of these concessions, restructured loans are impaired because the Credit Union will not collect all amounts due, both principal and interest, in accordance with the terms of the original loan agreement. Impairment allowances on restructured loans are measured by comparing the present value of expected future cash flows on the restructured loans discounted at the interest rate of the original loan agreement to the loan's carrying value or based on the current fair value of the collateral, less cost to sell, if the loan is collateral-dependent. These impairment allowances are recognized as a specific component of the allowance for loan losses.

## ORANGE COUNTY'S CREDIT UNION

### NOTES TO FINANCIAL STATEMENTS

---

#### **Note 1 - Summary of Significant Accounting Policies (continued)**

Large groups of smaller balance homogeneous loans are collectively evaluated for impairment. Accordingly, the Credit Union does not separately identify individual consumer loans for impairment disclosures. Regulatory agencies, as an integral part of their examination process, periodically review the Credit Union's allowance for loan losses and may require the Credit Union to make additions to the allowance based on their judgment about information available to them at the time of their examination.

**Servicing** - Servicing assets are recognized separately when mortgage servicing rights are acquired through purchase or through sale of financial assets. Servicing rights resulting from the sale or securitization of loans originated by the Credit Union are initially measured at fair value at the date of transfer. The Credit Union subsequently records servicing assets at amortized cost, with related amortization recorded into earnings over the estimated remaining weighted-average useful life of the servicing rights.

Servicing assets are evaluated for impairment based on the fair value of the rights as compared to amortized cost. Impairment is determined by stratifying rights into tranches based on predominant risk characteristics, such as interest rate, loan type, and investor type. Impairment is recognized through a valuation allowance for an individual tranche, to the extent that fair value is less than the capitalized amount for the tranche. The valuation allowance is adjusted to reflect changes in the measurement of impairment after the initial measurement of impairment, unless the impairment is permanent. Changes in valuation allowances are reported in noninterest expense on the statements of income. If the Credit Union later determines that all or a portion of the impairment no longer exists for a particular tranche, a reduction of the allowance may be recorded as an increase to income. There was no impairment recognized for the years ended December 31, 2015 and 2014.

Servicing fee income for serviced loans is based on a contractual percentage of the outstanding principal and is recorded as income when earned.

**Off-balance-sheet credit-related financial instruments** - In the ordinary course of business, the Credit Union has entered into commitments to extend credit. Such financial instruments are recorded when they are funded.

**Collateral in process of liquidation and foreclosed assets** - Assets acquired through, or in lieu of, loan repossession or foreclosure are held for sale and are initially recorded at fair value less estimated costs to sell at the date of repossession or foreclosure, establishing a new cost basis. Subsequent to repossession or foreclosure, valuations are periodically performed by management and the assets are carried at the lower of carrying amount or fair value less costs to sell. Revenue and expenses from operations and changes in the valuation allowance are included in net expenses.

## ORANGE COUNTY'S CREDIT UNION NOTES TO FINANCIAL STATEMENTS

---

### **Note 1 - Summary of Significant Accounting Policies (continued)**

**Transfers of financial assets** - Transfers of an entire financial asset, a group of financial assets, or a participating interest in an entire financial asset are accounted for as sales when control over the assets has been relinquished. Control over transferred assets is deemed to be surrendered when (1) the assets have been isolated from the Credit Union, (2) the transferee obtains the right to pledge or exchange the transferred assets, and (3) the Credit Union does not maintain effective control over the transferred assets through an agreement to repurchase them before maturity.

**Premises and equipment** - Land is carried at cost. Buildings and improvements, furniture and equipment, and leasehold improvements are carried at cost, less accumulated depreciation and amortization. Buildings and improvements and furniture and equipment are depreciated using the straight-line method over the estimated useful lives of the assets, which range from 2 to 55 years. The cost of leasehold improvements is amortized using the straight-line method over the terms of the related leases or the expected terms of the leases, if shorter. Expected terms include lease option periods to the extent that the exercise of such options is reasonably assured.

**Impairment of long-lived assets** - Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Management reviews all material assets annually for possible impairment. If such assets are considered to be impaired, the impairment recognized is measured as the amount by which the carrying amount of the assets exceeds the estimated fair value of the assets.

**NCUSIF deposit** - The deposit in the National Credit Union Share Insurance Fund (NCUSIF) is in accordance with National Credit Union Administration (NCUA) regulations, which require the maintenance of a deposit by each insured credit union in an amount equal to one percent of its insured shares. The deposit would be refunded to the Credit Union if its insurance coverage is terminated, it converts to insurance coverage from another source, or the operations of the fund are transferred from the NCUA board.

**NCUSIF insurance premiums** - A credit union is required to pay an annual insurance premium based on a percentage of its total insured shares as declared by the NCUA board, unless the payment is waived by the NCUA board.

**Members' share and savings accounts** - Members' share and savings accounts are subordinated to all other liabilities of the Credit Union upon liquidation. Interest on members' share and savings accounts is based on available earnings at the end of a dividend period and is not guaranteed by the Credit Union. Interest rates on members' share and savings accounts are set by management, based on an evaluation of current and future market conditions.

**Members' equity** - The Credit Union is required, by regulation, to maintain a statutory regular reserve. This reserve, which represents a regulatory restriction of retained earnings, is not available for the payment of interest.

## ORANGE COUNTY'S CREDIT UNION

### NOTES TO FINANCIAL STATEMENTS

---

#### **Note 1 - Summary of Significant Accounting Policies (continued)**

**Income taxes** - The Credit Union is exempt, by statute, from federal and state income taxes.

The Credit Union is a tax-exempt entity under Internal Revenue Code 501(c)(14), but may be subject to taxation on income unrelated to the Credit Union's exempt function. State-chartered credit unions should pay income tax on certain types of net taxable income from activities that taxing authorities consider unrelated to the purpose for which the Credit Union was granted nontaxable status. The Credit Union has filed Unrelated Business Income Tax (UBIT) returns (990-T) in the past, which has resulted in no income taxes paid for the years ended December 31, 2015 and 2014. In addition, there were no material uncertain tax positions at December 31, 2015 and 2014.

The Credit Union recognizes the tax benefit from uncertain tax positions, if any; only if it is more likely than not that the tax positions will be sustained on examination by the tax authorities, based on the technical merits of the position. The tax benefit is measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. The Credit Union recognizes interest accrued and penalties related to unrecognized tax benefits as an administrative expense. The Credit Union had no unrecognized tax benefits at December 31, 2015 or 2014. During the years ended December 31, 2015 and 2014, the Credit Union recognized no interest and penalties.

A tax-exempt organization information return, unrelated business income tax return, and California income tax return are filed annually with the applicable tax jurisdictions.

As of December 31, 2015, the Credit Union had net operating loss carryforwards available to offset approximately \$4,720,000 of future unrelated business income taxes. The carryforwards expire in approximately 10 to 20 years. The tax asset representing the value of the net operating loss carryforwards has been offset by a full valuation allowance as of December 31, 2015 and 2014, because it is uncertain whether the Credit Union's deferred tax assets will become available to offset future tax liabilities.

**Pension plan - 401(k)** - The Credit Union has a qualified 401(k) plan covering substantially all of its employees. The Credit Union matches a portion of employees' wage reductions, which is recorded in compensation and benefits expense in the statements of income.

**Pension plan - deferred compensation plan** - The Credit Union has nonqualified deferred compensation plans for members of management. Under the 457(b) nonqualified plan, the Credit Union makes discretionary contributions and employees are allowed to contribute to the plan. The Credit Union contributes 100% of funds to the 457(f) nonqualified deferred compensation plan. Gains and losses for the 457(b) nonqualified plan are recognized through the statements of financial condition with offsetting asset and liability accounts and for the 457(f) nonqualified plan through noninterest income.

**Life insurance policies** - Life insurance policies held as part of the Credit Union's deferred compensation plan are carried at their cash surrender value.

**ORANGE COUNTY'S CREDIT UNION**  
**NOTES TO FINANCIAL STATEMENTS**

---

**Note 1 - Summary of Significant Accounting Policies (continued)**

**Advertising costs** - Advertising costs are charged to operations when incurred and totaled approximately \$1,146,000 and \$1,223,000 for the years ended December 31, 2015 and 2014, respectively.

**Comprehensive income (loss)** - Accounting principles generally require that recognized revenue, expenses, gains, and losses be included in net income. Certain changes in assets and liabilities, such as unrealized gains and losses on available-for-sale securities, are reported as a separate component of the members' equity section of the statements of financial condition. The Credit Union has only one component of comprehensive income (loss) for 2015 and 2014; other comprehensive income (loss) includes no reclassification adjustments.

**Fair value measurements** - The fair value measurement standard provides a comprehensive framework for measuring fair value and expands disclosures for assets and liabilities reported at fair value. Specifically, it sets forth a definition of fair value and establishes a hierarchy prioritizing the inputs to valuation techniques, giving the highest priority to quoted prices in active markets for identical assets and liabilities and the lowest priority to unobservable value inputs.

**Subsequent events** - Subsequent events are events or transactions that occur after the date of the statement of financial condition but before the financial statements are issued. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the date of the statement of financial condition, including the estimates inherent in the process of preparing financial statements. Nonrecognized subsequent events are events that provide evidence about conditions that did not exist at the date of the statement of financial condition but arose after that date. Management has reviewed subsequent events through March 16, 2016, the date the financial statements were issued, and no subsequent events occurred that require accrual or disclosure.

**Reclassification** - Certain amounts from the prior-year footnotes have been reclassified, in order to conform to the current-year presentation. There were no changes in previously reported net income or equity.

#### Note 2 - Investment Securities

The amortized cost and fair value of investment securities available-for-sale are as follows (dollars in thousands):

	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Fair Value
<b>December 31, 2015</b>				
U.S. government and federal agency securities	\$ 81,219	\$ 193	\$ (142)	\$ 81,270
Federal agency mortgage-backed securities	129,302	454	(829)	128,927
Federal agency collateralized mortgage obligations	83,546	186	(915)	82,817
Mutual funds	25,299	-	(299)	25,000
Municipal bonds	7,453	8	(48)	7,413
	<u>\$ 326,819</u>	<u>\$ 841</u>	<u>\$ (2,233)</u>	<u>\$ 325,427</u>
<b>December 31, 2014</b>				
U.S. government and federal agency securities	\$ 56,279	\$ 183	\$ (27)	\$ 56,435
Federal agency mortgage-backed securities	127,679	994	(560)	128,113
Federal agency collateralized mortgage obligations	99,409	341	(1,065)	98,685
Mutual funds	75,997	-	(665)	75,332
Municipal bonds	7,495	8	(96)	7,407
	<u>\$ 366,859</u>	<u>\$ 1,526</u>	<u>\$ (2,413)</u>	<u>\$ 365,972</u>

The mutual funds invest exclusively in U.S. government securities.

At December 31, 2015, securities valued at approximately \$238,192,000 were pledged as collateral against a line of credit with the Federal Home Loan Bank. At December 31, 2015, securities carried at approximately \$21,598,000 were pledged as collateral against a line of credit with the Federal Reserve Bank (FRB). At December 31, 2014, securities valued at approximately \$261,157,000, were pledged as collateral against a line of credit with the Federal Home Loan Bank. At December 31, 2014, securities carried at approximately \$21,583,000 were pledged as collateral against a line of credit with the Federal Reserve Bank. Proceeds from sale of available-for-sale securities were \$50,346,000 and \$0 for the years ended December 31, 2015 and 2014, respectively. There were no gross gains on sale of securities in 2015 or 2014. Gross losses on sale of securities were \$445,000 and \$0 for the years ended December 31, 2015 and 2014, respectively, and are included in other expense on the statement of income.

## ORANGE COUNTY'S CREDIT UNION

### NOTES TO FINANCIAL STATEMENTS

---

#### **Note 2 - Investment Securities (continued)**

**U.S. government and federal agency** - As of December 31, 2015 and 2014, the investment portfolio included 14 and 8 securities, respectively, in an unrealized loss position, none of which had unrealized losses that had existed for longer than one year.

**Federal agency mortgage-backed securities and collateralized mortgage obligations** - As of December 31, 2015, the investment portfolio included 92 securities in an unrealized loss position, 24 of which had unrealized losses that had existed for longer than one year. As of December 31, 2014, the investment portfolio included 67 securities in an unrealized loss position, 30 of which had unrealized losses that had existed for longer than one year.

**Municipal bonds** - As of December 31, 2015, the investment portfolio included 8 securities in an unrealized loss position, 1 of which had unrealized losses that had existed for longer than one year. As of December 31, 2014, the investment portfolio included 9 securities in an unrealized loss position, 7 of which had unrealized losses that had existed for longer than one year.

**Mutual funds** - As of December 31, 2015, the mutual fund portfolio included an unrealized loss position due to changes in net asset value (NAV) that existed for longer than one year. As of December 31, 2014, the mutual fund portfolio included an unrealized loss position due to changes in NAV that existed for longer than one year.

The Credit Union assesses for credit impairment using a cash flow model. Based on the assessment of the expected credit losses of the security given the performance of the underlying collateral compared to the credit enhancement, the Credit Union expects to recover the entire amortized cost basis of these securities.

In analyzing an issuer's financial condition, management considers whether the securities are issued by the federal government or its agencies, whether downgrades by bond rating agencies have occurred, and the results of reviews of the issuer's financial condition.

**Other-than-temporary impairment** - The Credit Union routinely conducts periodic reviews to identify and evaluate each investment security to determine whether an OTTI has occurred. Economic models are used to determine whether an OTTI has occurred on these securities. For each security in the investment portfolio (including but not limited to those whose fair value is less than their amortized cost basis), an extensive, regular review is conducted to determine whether an OTTI has occurred. Various inputs to the economic model are used to determine whether an unrealized loss is other than temporary. Based on the assessment of the expected credit losses of the security given the performance of the underlying collateral compared to the credit enhancement, the Credit Union expects to recover the entire amortized cost basis of these securities; therefore, no OTTI is deemed necessary or reported for the years ended December 31, 2015 and 2014.

**ORANGE COUNTY'S CREDIT UNION**  
**NOTES TO FINANCIAL STATEMENTS**

---

**Note 2 - Investment Securities (continued)**

**Investment risk** - Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect the amounts reported in the statements of financial condition.

**Other investments** - Other investment securities at December 31 are summarized as follows (dollars in thousands):

	<u>2015</u>	<u>2014</u>
Certificates of deposit	\$ 2,200	\$ 4,200
Investment in credit union service organizations	<u>1,462</u>	<u>1,337</u>
	<u>\$ 3,662</u>	<u>\$ 5,537</u>

**Note 3 - Loans to Members**

The composition of loans to members at December 31 is as follows (dollars in thousands):

	<u>2015</u>	<u>2014</u>
Member business		
Real estate	<u>\$ 129,697</u>	<u>\$ 126,551</u>
Residential real estate		
First mortgage	380,807	331,414

	<u>\$ 787,368</u>	<u>\$ 686,076</u>

## ORANGE COUNTY'S CREDIT UNION

### NOTES TO FINANCIAL STATEMENTS

#### Note 3 - Loans to Members (continued)

The Credit Union has purchased loan participations originated by various entities that are secured by commercial property and other real estate to members of other credit unions. All of the loan participations were purchased without recourse and the originating entities perform all of the related loan servicing functions on these loans.

The composition of loan participations purchased at December 31 is as follows (dollars in thousands):

	2015	2014
Member business - real estate	\$ 13,164	\$ 8,816
Residential real estate - first mortgage	29,768	155
Consumer	11,422	155
	<u>\$ 54,354</u>	<u>\$ 9,126</u>

In 2015 and 2014, the Credit Union sold loan participations that are secured by commercial property. These loan participations were sold without recourse and the Credit Union performs all loan servicing functions on these loans. Loan participations sold and excluded from the member business - real estate loan segment above totaled \$12,612,000 and \$12,124,000 at December 31, 2015 and 2014, respectively.

Specific changes in the allowance for loan losses and recorded investment in loans by segment for the years ended December 31 are as follows (dollars in thousands):

	Member Business	Residential Real Estate	Consumer	Total

	<u>\$ 126,551</u>	<u>\$ 374,212</u>	<u>\$ 191,062</u>	<u>\$ 691,825</u>

**Member business loan credit quality indicators** - As part of the ongoing monitoring of the credit quality of the Credit Union's member business loan portfolio, management tracks certain credit quality indicators including trends related to (i) the risk ratings of member business loans, (ii) the level of classified loans, (iii) net charge-offs, (iv) nonperforming loans, and (v) the general economic conditions in the market area.

Management regularly reviews and risk grades member business loans in the Credit Union's portfolio. The risk rating system allows management to classify asset by credit quality in accordance with Credit Union policy. The Credit Union's risk grading definitions are as follows:

**Pass** - Financial condition of the borrower at minimum will have low to moderate leverage and adequate liquidity with stable to slightly declining trends. Cash flow will be no less than a 1.20X debt service coverage ratio (DSCR) and loan payments will be current. Collateral will have a loan-to-value at policy maximum or better. The industry outlook at worst could have an outlook that is uncertain.

**Special mention** - Financial condition of the borrower may be marginal with liquidity and/or equity trends declining. Cash flows may be below the Credit Union's policy minimums or negative and loan payments will not exceed 59 days past due. Collateral may have a loan-to-value exceeding the Credit Union's policy of 80%. The industry outlook would be in a declining environment.

**Substandard** - Financial condition of the borrower shows negative trends with highly leveraged loans, poor liquidity, and equity. Cash flows will be negative and loan payments will not exceed 89 days past due. Collateral will have a loan-to-value exceeding the Credit Union's policy of 80% with minimal equity. The industry outlook would be showing problems at this point.

## ORANGE COUNTY'S CREDIT UNION

### NOTES TO FINANCIAL STATEMENTS

---

#### Note 3 - Loans to Members (continued)

**Doubtful** - Financial condition of the borrower will be a negative net worth position. Cash flows could be significantly negative and loan payments could be more than 90 days past due. Legal action will be starting at this point. Collateral will have a loan-to-value exceeding the Credit Union's policy with little to no equity. The industry outlook would be fragmented at this point.

**Loss** - Loans in this classification are considered uncollectible and of such little value that their continuance as loans is not warranted.

**Member business credit exposure** - The member business loan credit risk profile by internally assigned risk ratings by class at December 31 is as follows (dollars in thousands):

	<u>2015</u>	<u>2014</u>
Real estate		
Pass	\$ 123,914	\$ 114,894
Special mention	3,052	5,347
Substandard	2,231	5,017
Doubtful	500	1,293
	<u>\$ 129,697</u>	<u>\$ 126,551</u>
	<u>2015</u>	<u>2014</u>
Performing	\$ 128,111	\$ 123,691
Nonperforming	1,586	2,860
	<u>\$ 129,697</u>	<u>\$ 126,551</u>

**Residential real estate and consumer loan credit quality indicators** - As part of the ongoing monitoring of the credit quality of the Credit Union's residential real estate and consumer loan portfolios, management tracks certain credit quality indicators based on whether these loans are performing or nonperforming. To differentiate these categories, management tracks the loan's performance and when the loan becomes 60 days past due, the loan is classified as a nonperforming loan.

**ORANGE COUNTY'S CREDIT UNION**  
**NOTES TO FINANCIAL STATEMENTS**

**Note 3 - Loans to Members (continued)**

**Residential real estate credit exposure** - The residential real estate credit risk profile based on payment activity by class at December 31 is as follows (dollars in thousands):

<b>2015</b>	<u>First Mortgage</u>	<u>Second Mortgage</u>	<u>Total</u>
Performing	\$ 379,025	\$ 45,987	\$ 425,012

Other secured	-	-	-	-	2,386	2,386
Member share overdrafts	-	-	-	-	783	783
	<u>\$ 844</u>	<u>\$ 942</u>	<u>\$ 4,492</u>	<u>\$ 6,278</u>	<u>\$ 685,547</u>	<u>\$ 691,825</u>

The Credit Union had no loans that were greater than 60 days past due for which the loans were accruing interest at December 31, 2015 or 2014.

**ORANGE COUNTY'S CREDIT UNION**  
**NOTES TO FINANCIAL STATEMENTS**

---

**Note 3 - Loans to Members (continued)**

A summary of loan troubled debt restructurings by class that were granted during the year ended December 31 is as follows (dollars in thousands):

	Number of Contracts	Pre-Modification Outstanding Balance	Post-Modification Outstanding Balance
<b>2015</b>			
Residential real estate			
Second mortgage	1	\$ 79	\$ 79
<b>2014</b>			
Residential real estate			
Second mortgage	3	\$ 433	\$ 433
Consumer			
Auto	13	125	125
Unsecured	5	13	13
	21	\$ 571	\$ 571

Management has defined that a troubled debt restructured loan is considered in default when it becomes 60 days past due. There were no troubled debt restructured loans in 2015 that subsequently defaulted. A summary of loan troubled debt restructurings by class that were granted and subsequently defaulted during the year ended December 31, 2014, is as follows (dollars in thousands):

	Number of Contracts	Recorded Investment
<b>2014</b>		
Consumer		
Unsecured	1	\$ 5

The Credit Union does not have any unfunded commitments to members whose loans have been modified in a troubled debt restructuring.

**Note 4 - Loan Servicing**

The Credit Union sells first mortgage residential real estate loans on the secondary market and retains the servicing. Loans serviced for others are not included in the accompanying statements of financial condition. The unpaid principal balance of first mortgage residential real estate loans serviced for others was \$368,608,000 and \$243,745,000 at December 31, 2015 and 2014, respectively.

**ORANGE COUNTY'S CREDIT UNION**  
**NOTES TO FINANCIAL STATEMENTS**

---

**Note 4 - Loan Servicing (continued)**

Changes in the balance of mortgage servicing rights (MSRs), which are reported in other assets, were as follows for the years ended December 31 (dollars in thousands):

	<u>2015</u>	<u>2014</u>
Balance, beginning of year	\$ 1,904	\$ 1,433
Additions	1,857	731
Amortization	<u>(400)</u>	<u>(260)</u>
Balance, end of year	<u>\$ 3,361</u>	<u>\$ 1,904</u>

At December 31, 2015, the expected weighted-average life of the Credit Union's MSRs was 7.8 years. Projected amortization expense for the gross carrying value of the MSRs at December 31 is estimated to be as follows (dollars in thousands):

2016	\$ 498
2017	453
2018	408
2019	363
2020	319
Thereafter	<u>1,320</u>
Gross carrying value of the MSR	3,361
Less valuation allowance	<u>-</u>
Net carrying value of the MSR	<u>\$ 3,361</u>

Servicing fee income earned in connection with MSR included in the accompanying financial statements as a component of noninterest income was \$1,439,000 and \$471,000 for the years ended December 31, 2015 and 2014, respectively. Late fees related for the years ended December 31, 2015 and 2014, were not material.

The assumptions used in determining the projected amortization expense, such as prepayment speeds, are inherently subject to significant fluctuations, primarily due to the effect that changes in mortgage rates have on loan prepayment experience. Accordingly, any projection of MSR amortization in future periods is limited by the conditions that exist at the time the calculations were performed and may not be indicative of actual amortization expense that will be recorded in future periods.

The Credit Union performs an annual valuation of its MSR to assess the MSR for impairment. This analysis is based on certain key assumptions, including prepayment speeds, discount rate, and annual inflation. Prepayment speeds (PSAs) ranged from 142 to 164 as of December 31, 2015, and 160 to 199 as of December 31, 2014. The discount rate and annual inflation rate as of December 31, 2015, was 8.5% and 2.15%, respectively. The discount rate and annual inflation rate as of December 31, 2014, was 8.5% and 2.2%, respectively.

## ORANGE COUNTY'S CREDIT UNION

### NOTES TO FINANCIAL STATEMENTS

---

#### Note 5 - Premises and Equipment

Premises and equipment at December 31 is summarized as follows (dollars in thousands):

	<u>2015</u>	<u>2014</u>
Land	\$ 4,854	\$ 4,854
Buildings and improvements	18,279	18,138
Furniture and equipment	4,181	3,907
Computer equipment	7,712	6,522
Leasehold improvements	<u>3,470</u>	<u>3,469</u>
	38,496	36,890
Accumulated depreciation and amortization	<u>(17,812)</u>	<u>(15,967)</u>
	<u>\$ 20,684</u>	<u>\$ 20,923</u>

Depreciation and amortization expense amounted to \$1,868,000 and \$1,755,000 for the years ended December 31, 2015 and 2014, respectively.

#### Note 6 - Lease Commitments

The Credit Union leases certain office facilities under noncancelable operating leases expiring in various years through August 2018. Some of the leases contain renewal options for periods from three to five years at their fair rental value at the time of renewal. Future minimum lease payments under these leases are as follows (dollars in thousands):

2016	\$ 780
2017	786,000
2018	614,000
2019	413,000
2020	378,000
Thereafter	<u>85,000</u>
	<u>\$ 3,056</u>

Minimum lease payments exclude rentals under renewal options, which, as of December 31, 2015, are not reasonably assured of being exercised.

Rent expense was approximately \$816,000 and \$792,000 for the years ended December 31, 2015 and 2014, respectively.

**ORANGE COUNTY'S CREDIT UNION**  
**NOTES TO FINANCIAL STATEMENTS**

**Note 7 - Members' Share and Savings Accounts**

Members' share and savings accounts at December 31 are summarized as follows (dollars in thousands):

	<u>2015</u>	<u>2014</u>
Regular share accounts	\$ 315,284	\$ 277,649
Share draft accounts	218,403	202,136
Money market accounts	359,464	330,302
IRA share accounts	<u>8,964</u>	<u>8,407</u>
Total share accounts	<u>902,115</u>	<u>818,494</u>
Share and IRA certificates		
0.00% to 0.99%	162,886	174,900
1.00% to 1.99%	38,661	30,154
2.00% to 2.99%	36,685	21,022
3.00% to 3.99%	<u>-</u>	<u>6,754</u>
Total certificate accounts	<u>238,232</u>	<u>232,830</u>
Total members' share and savings accounts	<u>\$ 1,140,347</u>	<u>\$ 1,051,324</u>

Scheduled maturities of share and IRA certificates at December 31 are as follows (dollars in thousands):

2016	\$ 156,617
2017	26,759
2018	14,354
2019	16,595
2020	<u>23,907</u>
	<u>\$ 238,232</u>

The aggregate amounts of members' share and savings accounts in denominations of \$250,000 or more were approximately \$16,011,000 and \$13,494,000 at December 31, 2015 and 2014, respectively.

Overdrawn share accounts reclassified to consumer loans totaled \$338,000 and \$783,000 at December 31, 2015 and 2014, respectively.

The NCUSIF insures members' shares and certain individual retirement accounts up to \$250,000.

**ORANGE COUNTY'S CREDIT UNION**  
**NOTES TO FINANCIAL STATEMENTS**

---

**Note 8 - Lines of Credit and Borrowed Funds**

The Credit Union maintains lines of credit (LOC) with the FHLB of San Francisco and the FRB of San Francisco at December 31, which are summarized as follows (dollars in thousands):

<b>2015</b>	<u>FHLB</u>	<u>FRB</u>	<u>Total Lines</u>
Total available	\$ 554,971	\$ 21,597	\$ 576,568
Borrowed	<u>(30,000)</u>	<u>-</u>	<u>(30,000)</u>
Remaining available	<u>\$ 524,971</u>	<u>\$ 21,597</u>	<u>\$ 546,568</u>
Term	LOC	LOC	
Weighted-average rate of advances outstanding	2.44%	N/A	
 <b>2014</b>			
Total available	\$ 543,708	\$ 21,583	\$ 565,291
Borrowed	<u>(33,750)</u>	<u>-</u>	<u>(33,750)</u>
Remaining available	<u>\$ 509,958</u>	<u>\$ 21,583</u>	<u>\$ 531,541</u>
Term	LOC	LOC	
Weighted-average rate of advances outstanding	2.54%	N/A	

The FHLB line is collateralized by available-for-sale securities held in safekeeping by the FHLB and certain member business real estate and residential real estate first and second mortgage loans. The outstanding principal balance of real estate loans pledged as collateral to the FHLB totaled approximately \$462,346,000 and \$441,396,000 at December 31, 2015 and 2014, respectively. The FRB line of credit is collateralized by federal agency securities held in safekeeping by the FRB. Future advances under these lines would be at then-existing rates.

Borrowed funds at December 31 are as follows (dollars in thousands):

	<u>2015</u>	<u>2014</u>
FHLB, fixed rate (2.72% and 2.48% weighted-average rate at December 31, 2015 and 2014, respectively), secured, with various maturity dates	<u>\$ 30</u>	<u>\$ 33,750</u>

**ORANGE COUNTY'S CREDIT UNION**  
**NOTES TO FINANCIAL STATEMENTS**

---

**Note 8 - Lines of Credit and Borrowed Funds (continued)**

Scheduled maturities of borrowed funds at December 31 are as follows (dollars in thousands):

2016	\$ 5,750
2017	2,750
2018	6,250
2019	2,000
2020	4,250
Thereafter	<u>9,000</u>
	<u>\$ 30,000</u>

**Note 9 - Off-Balance-Sheet Activities**

The Credit Union is a party to conditional commitments to lend funds in the normal course of business to meet the financing needs of its members. These commitments represent financial instruments to extend credit, which include lines of credit, credit cards, home equity lines, and overdraft protection commitments that involve, to varying degrees, elements of credit and interest rate risk in excess of amounts recognized in the financial statements.

The Credit Union's exposure to credit loss is represented by the contractual notional amount of these instruments. The Credit Union uses the same credit policies in making commitments as it does for those loans recorded in the financial statements.

At December 31, the following financial instruments were outstanding whose contract amounts represent credit risk (dollars in thousands):

	<u>2015</u>	<u>2014</u>
Commitments to extend credit		
Home equity lines of credit	\$ 41,960	\$ 36,946
Credit cards	38,105	53,227
Line-of-credit loans	29,656	28,903
Overdraft protection program commitments	5,346	5,276
Member business loan commitments	<u>1,075</u>	<u>801</u>
	<u>\$ 116,142</u>	<u>\$ 125,153</u>

## **ORANGE COUNTY'S CREDIT UNION**

### **NOTES TO FINANCIAL STATEMENTS**

---

#### **Note 9 - Off-Balance-Sheet Activities (continued)**

Commitments to extend credit are agreements to lend to a member as long as there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses and may require payment of a fee. Because many of the commitments are expected to expire without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements. The Credit Union evaluates each member's creditworthiness on a case-by-case basis. The amount of collateral obtained if deemed necessary by the Credit Union upon extension of credit is based on management's credit evaluation of the counterparty. Collateral held varies but may include consumer assets, residential real estate, and member share balances.

Unfunded commitments under revolving credit lines and overdraft protection agreements are commitments for possible future extensions of credit to existing members. These lines of credit are uncollateralized and usually do not contain a specified maturity date and may not be drawn upon to the total extent to which the Credit Union is committed.

#### **Note 10 - Contingencies and Commitments**

**Legal** - The Credit Union is periodically a party to various legal actions normally associated with financial institutions, the aggregate effect of which, in management's opinion, would not be material to the Credit Union's financial condition.

**Loans sold with recourse** - The Credit Union has implemented a mortgage program whereby some of its mortgage loans are sold on the secondary market. The Credit Union is subject to recourse on the loans sold under certain conditions as disclosed in the loan purchase agreements with the funding corporations. The outstanding principal balance of loans subject to possible recourse was \$368,608,000 and \$243,745,000 at December 31, 2015 and 2014, respectively. There was one loan with an aggregate principal balance of \$158,000 that was repurchased with no reserves recorded for the year ended December 31, 2015. There were six loans with an aggregate principal balance of \$1,749,000 that were repurchased with no reserves recorded for the year ended December 31, 2014.

#### **Note 11 - Capital Requirements**

The Credit Union is subject to various regulatory capital requirements administered by the NCUA. Failure to meet minimum capital requirements can initiate certain mandatory—and possibly additional discretionary—actions by regulators that, if undertaken, could have a direct material effect on the Credit Union's financial statements. Under capital adequacy regulations and the regulatory framework for Prompt Corrective Action, the Credit Union must meet specific capital regulations that involve quantitative measures of the Credit Union's assets, liabilities, and certain off-balance-sheet items as calculated under generally accepted accounting principles. The Credit Union's capital amounts and net worth classification are also subject to qualitative judgments by the regulators about components, risk weightings, and other factors.

**ORANGE COUNTY'S CREDIT UNION**  
**NOTES TO FINANCIAL STATEMENTS**

**Note 11 - Capital Requirements (continued)**

Quantitative measures established by regulation to ensure capital adequacy require the Credit Union to maintain minimum amounts and ratios (set forth in the following table) of net worth (as defined in the regulations) to assets and risk-based net worth (RBNW) ratios (as defined). As of December 31, 2015, the Credit Union's RBNW requirement was 6.02%. The minimum ratio to be considered complex under the regulatory framework is 6%. Management believes that, as of December 31, 2015, the Credit Union meets all capital adequacy requirements to which it is subject. No conditions or events have occurred since the calculation date that management believes have changed the Credit Union's category.

As of December 31, 2015, the most recent call reporting period, the NCUA has categorized the Credit Union as well capitalized under the regulatory framework for Prompt Corrective Action. To be categorized as well capitalized, the Credit Union must maintain a minimum net worth ratio of 7%. The Credit Union's actual capital amounts and ratios as of December 31, 2015, are also presented in the table (dollars in thousands):

	Actual		To Be Adequately Capitalized Under Prompt Corrective Action Provisions		To Be Well Capitalized Under Prompt Corrective Action Provisions	
	Amount	Ratio	Amount	Ratio	Amount	Ratio
<b>December 31, 2015</b>						
Net worth	\$ 127,193	9.69%	\$ 78,757	6.00%	\$ 91,884	7.00%
Risk-based net worth requirement	\$ 78,977	6.02%	N/A	N/A	N/A	N/A
<b>December 31, 2014</b>						
Net worth	\$ 115,466	9.52%	\$ 72,460	6.00%	\$ 84,536	7.00%
Risk-based net worth requirement	\$ 72,822	5.83%	N/A	N/A	N/A	N/A

Because the RBNW ratio of 6.02% is less than the net worth ratio of 9.69%, the Credit Union retains its original category. Further, in performing its calculation of total assets, the Credit Union used the average of the three month-end balances over the calendar quarter option, as permitted by regulation.

**Note 12 - Related Party Transactions**

In the normal course of business, the Credit Union extends credit to members of the board of directors, supervisory committee members, and executive officers. The aggregate loans to related parties at December 31, 2015 and 2014, were approximately \$4,702,000 and \$4,045,000, respectively. Deposits from related parties at December 31, 2015 and 2014, amounted to approximately \$1,858,000 and \$1,761,000, respectively.

## **ORANGE COUNTY'S CREDIT UNION**

### **NOTES TO FINANCIAL STATEMENTS**

---

#### **Note 13 - 401(k) Retirement Plan**

The Credit Union provides a 401(k) employee benefit plan covering substantially all employees who have completed at least one year of service and met minimum age requirements. The Credit Union matches a portion of employees' wage reductions. Total expense under this plan was \$1,071,000 and \$987,000 for the years ended December 31, 2015 and 2014, respectively.

#### **Note 14 - Deferred Compensation Plans**

The Credit Union has a 457(b) nonqualified deferred compensation plan for members of management. The Credit Union makes discretionary contributions to the plan and employees are allowed to contribute to the plan. The deferred compensation accounts are shown as both assets and liabilities on the Credit Union's financial statements and are available to creditors in the event of the Credit Union's liquidation.

The Credit Union has a 457(f) nonqualified deferred compensation plan for members of management. The Credit Union contributes 100% of the funds to this plan. Under the terms of the plan, the participants are entitled to a specified amount if they remain employed by the Credit Union until a predetermined time. If these employees become fully disabled as defined in the agreement, accrued benefits are immediately payable. The benefits are subject to forfeiture if employment is terminated for cause as defined in the agreements. The deferred compensation accounts are shown as both assets and liabilities on the Credit Union's financial statements and are available to creditors in the event of the Credit Union's liquidation.

The cash surrender value of life insurance policies pertaining to these plans was \$20,486,000 and \$18,886,000 as of December 31, 2015 and 2014, respectively. The deferred compensation payable, included in accrued expenses and other liabilities on the statements of financial condition, was \$2,541,000 and \$2,227,000 as of December 31, 2015 and 2014, respectively. Deferred compensation expense was \$590,000 and \$557,000 for the years ended December 31, 2015 and 2014, respectively.

#### **Note 15 - Fair Value**

**Determination of fair value** - The Credit Union uses fair value measurements to record fair value adjustments to certain assets and liabilities and to determine fair value disclosures. The fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is best determined based on quoted market prices. However, in many instances, there are no quoted market prices for the Credit Union's various financial instruments. In cases where quoted market prices are not available, fair values are based on estimates using present value or other valuation techniques. Those techniques are significantly affected by the assumptions used, including the discount rate and estimates of future cash flows. Accordingly, the fair value estimates may not be realized in an immediate settlement of the instrument.

## ORANGE COUNTY'S CREDIT UNION NOTES TO FINANCIAL STATEMENTS

---

### Note 15 - Fair Value (continued)

Fair value measurements are to focus on an exit price in an orderly transaction (that is, not a forced liquidation or distressed sale) between market participants at the measurement date under current market conditions. If there has been a significant decrease in the volume and level of activity for the asset or liability, a change in valuation technique or the use of multiple valuation techniques may be appropriate. In such instances, determining the price at which willing participants would transact at the measurement date under current market conditions depends on the facts and circumstances and requires the use of significant judgment. The fair value is a reasonable point within the range that is most representative of fair value under current market conditions.

**Fair value hierarchy** - The Credit Union groups its financial assets and financial liabilities generally measured at fair value in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value.

**Level 1** - Valuation is based on quoted prices in active markets for identical assets or liabilities that the Credit Union has the ability to access at the measurement date. Level 1 assets and liabilities generally include debt and equity securities that are traded in an active exchange market. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

**Level 2** - Valuation is based on inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. The valuation may be based on quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the asset or liability.

**Level 3** - Valuation is based on unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which determination of fair value requires significant management judgments or estimation.

A financial instrument's categorization within the valuation hierarchy is based on the lowest level of input that is significant to the fair value estimation.

The following methods and assumptions were used by the Credit Union in estimating fair value disclosures for financial instruments:

**Available-for-sale securities** - The fair value of investment securities is the fair market value based on quoted market prices, when available, or market prices provided by recognized broker dealers. If listed prices or quotes are not available, fair value is based on externally developed models that use unobservable inputs due to the limited market activity of the instrument.

## ORANGE COUNTY'S CREDIT UNION

### NOTES TO FINANCIAL STATEMENTS

#### Note 15 - Fair Value (continued)

**Assets and liabilities measured at fair value on a recurring basis** - Assets and liabilities measured at fair value on a recurring basis at December 31 are summarized as follows (dollars in thousands):

	Fair Value Measurements at Reporting Date Using			Total Carrying Value
	Quoted Prices in Active Markets for Identical Assets/Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
<b>December 31, 2015</b>				
U.S. government and federal agency securities	\$ -	\$ 81,270	\$ -	\$ 81,270
Federal agency mortgage-backed securities	-	128,927	-	128,927
Federal agency collateralized mortgage obligations	-	82,817	-	82,817
Mutual funds	25,000	-	-	25,000
Municipal bonds	-	7,413	-	7,413
<b>December 31, 2014</b>				
U.S. government and federal agency securities	\$ -	\$ 56,435	\$ -	\$ 56,435
Federal agency mortgage-backed securities	-	128,113	-	128,113
Federal agency collateralized mortgage obligations	-	98,685	-	98,685
Mutual funds	75,332	-	-	75,332
Municipal bonds	-	7,407	-	7,407

**Assets and liabilities measured at fair value on a nonrecurring basis** - Under certain circumstances, the Credit Union makes adjustments to fair value for assets and liabilities although they are not measured at fair value on an ongoing basis. The following table presents the financial instruments carried on the statements of financial condition by caption and by level in the fair value hierarchy at December 31 for which a nonrecurring change in fair value has been recorded (dollars in thousands):

	Fair Value Measurements at Reporting Date Using		
	Quoted Prices in Active Markets for Identical Assets/Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<b>December 31, 2015</b>			
Impaired loans with an allowance, net	\$ -	\$ -	\$ 12,253
<b>December 31, 2014</b>			
Impaired loans with an allowance, net	\$ -	\$ -	\$ 17,184

**ORANGE COUNTY'S CREDIT UNION**  
**NOTES TO FINANCIAL STATEMENTS**

---

**Note 15 - Fair Value (continued)**

**Qualitative information about Level 3 fair value measurements** - The range and weighted average of the significant unobservable inputs used to fair value Level 3 nonrecurring assets during the year ending December 31, 2015, along with the valuation techniques used, are shown in the following table (dollars in thousands):

	<u>Recorded Amount at December 31, 2015</u>	<u>Valuation Technique</u>	<u>Unobservable Input</u>	<u>Range (Weighted Average)*</u>
Impaired loans	\$ 12,253	Various	Adjustment to valuation	10%-30% (26%)

\* Discount to appraisal value. Amounts are estimated and carrying amount is generally lower than estimated fair value.
